

GM TUMPECO LTD, COMPANY PROFILE

May 2012

DESCRIPTION OF COMPANY ACTIVITIES

Large Manufacturing Company specializing in general fabrication and steel products, number plates, traffic road signs and billboards, school furniture, Hospital furniture, Office Furniture, spring mattresses, uniports, wheelbarrows, truck and bus bodies.

PRODUCTION

GM Tumpeco Ltd has nine separate active production lines, which are producing a wide range of products. The more complex the specification requirement, the more it goes beyond conventional design standards. We regard ourselves as partners to our clients in this area and concentrate on producing high quality products for specialized purposes.

The Various Production Departments

As is true that we have a wide range of products that we deal in at GM Tumpeco, we have various departments that produce different products- See Below

Carpentry

The Carpentry department produces a comprehensive range of high quality wooden furniture made out of mahogany, Cyprus, mvule, pine and many more.

Quality in the real world of GM Tumpeco Ltd is a comprehensive word. Meaning it covers everything from designing and manufacturing to the "roll-out"

Steel Furniture

We have been consistently recognized as the leading maker of steel furniture in the country. Under this section, we produce school double and triple-deckers, steel beds, perforated chairs, hospital equipment, plastic hill chairs, stackable chairs, metal tables and steel stands for road and traffic signs.

Management Success

This section is equipped with the latest machinery that cuts precisely and accurately for minimal assembly.

Our experienced staff has the right answers to even the most specialized questions and can advise on how to partition offices; to make the highest quality window or door frames for any type of building.

Signs Department

This section produces large and small billboards using 3M high quality reflective materials, reflectors for commercial vehicles, traffic road signs and grave plates. The long range of traffic signs includes; prohibition, warning, mandatory, pictorial, transport and information signs.

General Fabrication

We design and manufacture fuel and water tanks, truck and bus bodies, steel tank stand water bowsers, moulds, tractor-trailers and Garbage skips etc.

Wheel Barrows & Uniports

This section produces an average of twenty-five accurately trimmed wheelbarrows a day. The section also produces consistent, clean cut uniports to meet all the country needs.

Number Plates Section

This section produces the newly embossed motor vehicle and motorcycle number plates for both civilian and government orders.

SLUMBERLAND

When it comes to bedding supplies, one name springs to mind: Slumberland. Our Slumberland beds are fitted with the universal box spring systems. They are engineered to maximize foundation pasteurization and provide exceptional stability. The mattresses come in style choices; Gold seal, Silver seal, Copper seal, Platinum seal, and Ivory seal - all, masterpieces.
